Subject: Funding to IAGs Please

Joe,

Out of the contracts dollars we have remaining, please allocate \$100,000 to the IAG with BOR (this is for the external investigation that they've agreed to do for EPA) and \$100,000 to the IAG with the USCG (this is for the 2 new WAFs for 1) Area Command/Mine Site work and 2) 3 KLP positions. We need this done ASAP so the personnel can arrive to the Gold King Response today if possible. Thank you, lw
